ORGANIZATION CANDIDATES OF BOTH PARTIES LEAD OPPONENTS BY APPROXIMATE VOTE OF 2 TO 1

Miller and Wadsworth Both Nominated With Large Pluralities — Mrs. Boole Polls Good Vote

WALKER LEADS LUNN

Defeats Opponent for Democratic Senatorial Nomination by Vote of 3-1—Other Contests

New York, Sept. 15.—Organization candidates of both Republican and Democratic parties in the New York state primaries led their opponents by votes of approximately 2 to 1 in all state-wide contests when returns from more than one-half of the state had been tabulated at 1:40 o'clock this morning.

Returns from 2,239 districts out of 4,703 outside New York city give: Republican governor, Miller, 57,579; Thompson, 37,331.

Returns from 1,889 districts out of 4,703 outside New York city give: Republican U. S. senator, Wadsworth, 75,539; Boole, 24,449; Payne, 10,445.

Returns from 1,624 districts out of 4,703 outside New York city give: Democratic U. S. senator, Lunn, 5,730; Walker, 15,420.

Judge Miller Leading.
Nathan L. Miller of Syracuse, former judge of the state court of appeals, who received the endorsement of the unofficial Republican state convention, had a lead of 2 to 1 over State Senator George F. Thompson when returns from 1,563 districts out of 2,234 in the state had been tabulated. The vote was:

Miller, 45,516;
Thompson, 22,330.

United States Senator James W. Wadsworth Jr., who is a candidate for re-nomination and has the endorsement of the state organization, had a lead of more than 2 to 1 over the combined votes of two opponents, Mrs. Ella A. Boole, president of the state branch of the W. C. T. U., and George Henry Payne, New York city tax commissioner. The votes in 1,321 districts were:

Wadsworth, 75,535;
Boole, 24,449;
Payne, 10,445.

Harry Walker Defeats Lunn.
In the Democratic party, Lieutenant Governor Harry C. Walker, organization candidate for the nomination for United States senator, had a lead of more than 2 to 1 over Mayor George R. Lunn of Schenectady, a former Socialist. The vote in 1,550 districts was:

Lunn, 5,730;
Walker, 15,420.

Miller was leading Thompson by a vote of nearly 2 to 1 in the early returns from upstate towns and cities, and in the borough of Manhattan in New York city, the race was much closer. Thompson was leading Miller by 1,000 in Brooklyn and the vote in Queens was about even. Miller had a lead of 200 in the early returns from the Bronx and about the same in Richmond county.

In New York city, Senator Wadsworth had a lead of nearly 2 to 1 over the combined vote of his two opponents. The vote from 1,170 out of 2,571 districts in the city was:

Wadsworth, 75,535;
Boole, 24,449;
Payne, 10,445.

The Congressional Contest.
Ira G. Darrin, who sought the Republican nomination for congress in the second district, tonight conceded the victory of Rudolf Hantusch Jr., the organization's designee.

Incomplete returns from the Democratic contest in the twenty-second district gave Anthony J. Griffin, organization designee, a majority of 3 to 1 over Charles P. Walpole, indicating Griffin's nomination.

In Walpole's home district, the vote was Griffin, 76; Walpole, 31.

Other congressional candidates whose nominations were apparent on early returns in districts where there were contests were: Manhattan, Republican, 21st district, Martin C. Anson; 23rd district, Albert H. Rosen-

Montpelier, Vt., Sept. 14.—In the scattering early returns from the Vermont state primary today, James Hartness, of Springfield, was leading, for the Republican nomination for governor over three other candidates.

Congressman Porter H. Dale was running second to John W. Gordon of Dorset in the second congressional district, with Ernest W. Gibson of Stratford trailing. Senator William P. Dillingham and Congressman Frank L. Greene, in the first district, were renominated by the Republicans without opposition.

Later returns from the second congressional district placed Congressman Dale well in the lead for re-nomination. Returns from 65 towns out of 133 in the district gave: Dale, 5,471; Gibson, 3,207; Gordon, 3,231.

Returns from 141 towns gave for Governor: Agar, 5,441; Babbitt, 5,013; Emery, 5,533; Hartness, 9,471.

Chicago, Sept. 14.—Football practice will be officially opened in the western conference tomorrow. Reports to date indicate that the largest squads in years would answer the call. With the possible exception of Purdue and Northwestern, the eleven will be composed of veteran players.

The first game of the season will be played five days later, when Indiana takes the field against Franklin College at Bloomington, Indiana.

COX DOUBLES MONEY CHARGE

New Says Fund of From Twenty to Thirty Millions Is Being Raised to Defeat Him

GIVES 8 SPEECHES

Disregarding Physician's Order Banning Outdoor Speaking, He Campaigns in Borah's State

Boise, Idaho, Sept. 14.—A fund of from \$25,000,000 to \$50,000,000 is being raised to defeat him, Governor Cox, Democratic presidential candidate, declared today during his tour of Idaho and Eastern Oregon. Although the governor's charges heretofore were that the total opposition fund would not be less than \$15,000,000, he raised that figure today.

The governor's statement was made during an hour's speech from the second story veranda of a Nampa, Idaho, hotel, and in response to a question from his audience, asking how he expected to return conditions to normal, "when eighty per cent. of the wealth is held by two per cent. of the people."

"If eighty per cent. of the people will forget their politics," the governor replied, "and help me lick the two per cent. that is raising a fund of from \$25,000,000 to \$50,000,000 to beat me, we will make government an agency for the 100 per cent and not the two per cent."

Delivers Eight Speeches.
Eight speeches, dealing mainly with the Democratic doctrine of "peace and progress," were delivered today by Governor Cox.

Disregarding his physician's order banning outdoor speeches, the governor, believing his attack of "speaker's laryngitis" on the wane, delivered a series of rear-platform and other open air addresses beginning at Huntington, Oregon, and closed his day with a speech to a large meeting here to night at the Cody Athletic park. His voice still was hoarse, but he weathered another strenuous day of campaigning in good shape, he said.

The League of Nations was preached by the governor in all, and was emphasized here in the home city of Senator Borah. Republican "irreconcilable" foe of the League. By a coincidence, Senator Borah was said to be speaking tonight at Dayton, Ohio, Governor Cox's home.

Governor Cox told his audience that opposition to the League was "a political plot" against America as well as world civilization, designed to "continue disorder" to increase feeling against the Wilson administration, and to win the present election. "History will write it as the most reprehensible in all times," he said.

Cox Repeats Money Charges.
The candidate repeated his charges, and evidence in their support, regarding Republican campaign contributions.

Referring to alleged promises by William M. Wood, president of the American Woolen hand book enterprise of William Barnes Jr. of New York, Governor Cox said that he observed in both today's papers that the corporation's mills have been ordered reopened. The governor said he was "too modest" to recount his recent attacks on the corruption and Mr. Wood, whom he charged with seeking to depress wool prices in the face of increased demand, and to force employees to accept lower wages.

The governor left here late tonight to conclude his Idaho campaign tomorrow morning at Pocatello. The Utah campaign will close tomorrow night at Salt Lake city.

Extends His Speaking Campaign.
Huntington, Oregon, Sept. 14.—Governor Cox today extended instead of shortened his campaign tour through Idaho.

His throat was so improved that he yielded to requests of the local committee for additional short addresses in several cities.

The governor also extended his itinerary for tomorrow, en route to Ogden and Salt Lake City. The candidate still was treating his throat with medicine obtained from Portland specialists. A crowd with a brass band greeted him here.

Fayette, Idaho, Sept. 14.—The League of Nations was featured by Governor Cox today in his speeches in Idaho, the home state of Senator W. E. Borah, Republican foe of the League of Nations.

Governor Cox termed the League opposition a "political plot" and "most reprehensible in all history."

Tax Valuation Too High.
New York, Sept. 14.—Writs of certiorari were granted the National Chemical National, the Chemical National, the National Bank of Commerce today by the Supreme Court Justice Lehman, ordering the tax commissioners to certify to the court their reason for levying the present tax rate on the capital stock, surplus and undivided profits of the four institutions.

The valuation put on the items named by the tax commissioners was declared by the banks' attorneys to be too high.

AERIAL MAIL CARRIERS ARE BURNED TO DEATH

Cleveland, Sept. 14.—Air Mail Pilot Walter Stevens and Mechanician Russell Thomas, both of Cleveland, were burned to death at 2 o'clock this afternoon, when their plane caught fire at an altitude of 500 feet at Pemberville, Ohio, 15 miles south of Toledo.

Stevens and Thomas were flying a J. L. all-metal monoplane. They left here for Chicago with 400 pounds of mail, which they were relaying after an accident in which a mail plane was wrecked here today and Pilot William Riddleberger slightly injured, shortly after taking off.

Stevens was a veteran of the air mail service, having been a member since its inauguration. He came here from Crowell, Mich. Before departing today, he told friends at the flying field that this would be his last trip, as he had resigned.

Thomas leaves a bride of four days.

Acts in Defiance of Governor, Who Had Forbidden Action on Such a Resolution

Hartford, Sept. 14.—In defiance of Governor Marcus H. Holcomb, who, in a message, had said that it might not pass any measures save those it had been specifically called to consider, the Connecticut general assembly today, in special session, adopted a resolution ratifying the nineteenth amendment to the United States constitution. Further, it adopted concurrently two pieces of general legislation, although the governor had given warning that he would "pocket" any measures so adopted.

The governor, taking the position that the right of women to vote at the November election may be jeopardized by a decision in Tennessee which would nullify ratification by that state—the thirty-sixth—personally gave notice to members by a proclamation read by him after his message to the session which had just opened, of a special session to be held next Tuesday to specifically act upon the nineteenth amendment.

Although the legislature today ratified the amendment, the coming special session is expected to repeat the action. Today it ratified on a resolution offered by Republican House Leader King, immediately following a conference of several leaders with Governor Holcomb, who declined to sanction action today. Next Tuesday the governor will send in the communication which he received from Secretary of State Coby, which embodied the proclamation declaring the nineteenth amendment to be in force.

Today's special session stands adjourned until next Tuesday, an hour before the other session, and it will then adopt changes in election laws which it was called upon by the governor to do today.

CANDIDATES FOR CIVIL SERVICE MERIT SYSTEM

New York, Sept. 14.—The National Civil Service Reform league today made public letters from Senator Harding and Governor Cox, presidential candidates, expressing sympathy with "proper enforcement of the merit system in the federal service."

Senator Harding concurring in the league's expression "that the time has come for the federal government to organize its agencies of employment in accordance with the principles which have been tested and approved by the best modern business practice."

Governor Cox said he favored "the extension of the classified competitive service in the federal government, wherever practicable."

ITALIAN HORSEMAN WINS

Amster, Sept. 14.—In the obstacle race for horsemen held in connection with the Olympic games, the individual prize was won by Lieutenant Lepo of Italy. Major Valerio of Italy was second and Captain Lewenhaupt of Sweden third.

The American competitors finished as follows: Captain Allen, seventh; Major Downer, twelfth, and Major West, eighteenth.

In the hurdles competition, Sweden won first place and the United States got fifth.

REPUBLICANS WIN IN MAINE BY 65,876 VOTES

Portland, Me., Sept. 14.—Nearly complete returns of yesterday's state election tonight gave Frederick H. Parkhurst, Republican, a plurality of 65,876 over Bertrand G. McIntire, his Democratic opponent for governor. With returns missing from only five towns and five plantations, which was an aggregate vote of 300 four years ago, the vote was:

Parkhurst, 125,745;
McIntire, 59,869.

WOULD EXCLUDE UNDESIRABLES

Solution of Pacific Coast Race Problem Is Imperative, Senator Harding Declares

MAKES REPLY TO COX

No One Complains About Exercise of Congressional Power Except Those Desiring Personal Rule

Marion, Ohio, Sept. 14.—Solution of the Pacific coast race problem was declared by Senator Harding in a speech here today to be imperative if the nation's future security and tranquility are to be assured.

Speaking to a party of Californians, the Republican nominee said the federal government could not afford to be unmindful of the situation raised by oriental immigration, but must give its support to the far Western states "in necessary measure consistent with our national honor, to relieve them of their difficulty."

Without raising the question of racial inequality, he asserted provision could be made to exclude aliens of any race who had shown themselves incapable of Americanization. He added that the right to take such steps was assured both by moral law and by international usage.

Harding Denounces "Personal Rule."
In the same speech, which also was heard by a delegation from Belmont county, Ohio, the senator replied to Democratic charges of a Republican "senate oligarchy," asserting that no one complained about the exercise of congressional power except those who want to perpetuate "autocratic, personal government." He also touched on the tariff question, declaring it was possible that a long list of agricultural products might be found requiring a protective levy when the problem was brought up for study and action by a Republican administration.

About 40 state political leaders and representatives of state and city organizations made up the party from California. Headed by Governor Stephens, they marched to the Harding front porch in line with the Belmont county contingent, and assured the senator that California would join with Ohio in November to make his election certain. Cheering answered many of the nominee's declarations, and after he had finished speaking, the crowd gave "three cheers" for Harding.

California to "Redeem" Itself.
Governor Stephens and Mrs. J. B. Hume were spokesmen for the Californians, the latter telling Senator Harding that the women of her state would redeem themselves this year of "the criticism of having re-elected President Wilson because he kept us out of the war."

Governor Stephens also talked over California's race question and the political situation there in private conference with Senator Harding, and afterwards issued a statement saying that the state would go Republican by 100,000. He said Senator Hiram Johnson would go on the stump for the national ticket in the near future, making three addresses in California and then coming east "to work wherever he is wanted and assigned."

Among other callers today was David Jayne Hill of New York, former ambassador to Germany and a delegate to the second Hague peace conference. He expressed gratification at the stand taken by Senator Harding on the League of Nations, and declared European nations were ready to accept a world peace plan such as the nominee had outlined.

EIGHT B. R. T. STRIKERS HELD FOR GRAND JURY

New York, Sept. 14.—Eight of the 14 Brooklyn Rapid Transit strikers, who were arrested on Labor Day for an alleged attack on a trolley car during which a man was shot and several others injured, were held in \$15,000 bail each today for action of the grand jury. Five others were discharged for lack of evidence and one striker is in a hospital with a gunshot wound suffered in the riot.

Two of the men discharged, later were rearrested at their homes on a charge of wearing a United States army uniform while participating in a riot.

TWO AUTO THIEVES ARRESTED

Rochester, Sept. 14.—Police investigation of the sale by second-hand dealers here of high-priced automobiles believed to have been stolen in Boston, Detroit, Toledo and Cleveland, resulted in the arrest near Ravenna last night of Arthur F. Clark and Daniel E. Harrington, on charges of grand larceny, second degree, and criminally receiving stolen property.

CANCEL SHIP CONTRACTS

Washington, Sept. 14.—Cancellation of the contracts for the construction by the New York shipbuilding corporation of three large combination passenger and freight liners, was announced today by the shipping board. It was stated that the action was taken because work on the vessels had been held up to await construction of privately-ordered ships.

ALL ORGANIZATION CANDIDATES WIN IN OTSEGO G. O. P. PRIMARIES EITHER CLARK OR TRUITT MAY WIN

Former Has Delaware by 3,500 and Otsego by 731; Truitt, Broome by 4,300

JONES IS THIRD

Official Vote May Be Required to Determine Republican Nomination for Congress

John D. Clarke of Delaware county and Frank H. Truitt of Broome county are running neck and neck for the Republican nomination for member of congress and at 2 o'clock this morning the figures are complete place it at 3:00. In Otsego, Clarke has received a plurality over Truitt of 731, with seven districts missing. In Chenango county, Clarke and Truitt are running very close, the latest tabulation giving Truitt a plurality of 17, with 27 districts reporting.

Thus it will be seen that Truitt will have upon the figures about 4300 plus Republican nomination for membership in congress and at 2 o'clock this morning the figures are complete place it at 3:00. In Otsego, Clarke has received a plurality over Truitt of 731, with seven districts missing. In Chenango county, Clarke and Truitt are running very close, the latest tabulation giving Truitt a plurality of 17, with 27 districts reporting.

The vote in the Republican primaries is maintained in the towns from which the two leading candidates. It may be heard from in the county of Delaware, with Clarke having the same percentage of the vote, he will come close to the nomination. If the estimates of vote for Thompson for governor, his supporters fall short and Truitt can secure the estimated plurality in Broome given by his committee, then the nomination will doubtless go to Mr. Truitt.

From first returns it was evident that Jones, though making a good showing in his home county of Chenango, was out of the running, his vote in the other counties apparently having been of importance in that it drew more from Truitt than from Clarke.

The latest returns from Broome county show that \$9 out of 59 districts in that county give Truitt a plurality over Thompson of 1,162. A surprisingly large vote was cast for Mrs. Ella A. Boole for United States senator in opposition to James W. Wadsworth Jr., the latter's plurality over Mrs. Boole being 982.

In the county Clarke, who had the support of most of the organization workers for member of congress, has plurality over Truitt of 731, with Jones last in the race.

The figures by towns follow:

* One district missing.

On the Democratic ticket there was only one position for which there were two candidates, that for United States senator, and this fact doubtless accounts for the apparent apathy of the voters of that party. But few voters were cast in any district, but in these Walker has a clear lead over Lunn, which would doubtless have been increased had any considerable part of the vote been cast.

THE DETAILED VOTE IN ONEONTA CITY

In the primaries in the city the active support of most of the organization workers, and Truitt receiving the vote of many of the women. The complete figures for the city gives Miller a majority over Thompson for governor of 356, Wadsworth over Mrs. Boole of 217 and Clarke over Truitt of 139, with Jones receiving 65 votes.

The figures for the city follow:

INDICTED SARATOGA DIST. ATTORNEY IS RENOMINATED

Saratoga Springs, Sept. 14.—Charles B. Andrus, district attorney of Saratoga county, who was indicted recently for the extraordinary grand jury which has been investigating gambling in this city, was renominated today as the Democratic nomination. He defeated John B. Smith, his Republican opponent, by a plurality estimated at 1,000.

NO MOVE TOWARD ENDING "VACATIONS" OF MINERS

Hazleton, Pa., Sept. 14.—The police committee of the anthracite miners' union adjourned its second day's session here late today without taking any action toward ending the "vacation" strike in the hard coal regions. When the committee meets tomorrow it expects to have before it information from the Department of Labor which it will consider in connection with the resumption of work.

NATIONAL LEAGUE

CARDS TAKE THE ODD GAME

Get Early Lead and Keep Giants Trailing All the Way Through.

New York, Sept. 14.—St. Louis took the odd game of the series from New York today, 9 to 3. The Cardinals started with a two-run lead in the first inning and kept the Giants trailing, none of the four New York twisters being able to stay the visitors.

WINNING STREAK BROKEN

Three Brooklyn Pitchers Hit Hard and Chicago Wins, 10 to 2.

Brooklyn, Sept. 14.—Chicago broke Brooklyn's string of victories today by slugging three pitchers and winning, 10 to 2. Tyler allowed only three hits, one of which was a homer over the right field wall by Nels.

Philadelphia, Sept. 14.—Philadelphia today won its second straight victory from Cincinnati, 21 to 10, gaining the lead in the first inning and maintaining it throughout. Five of the visitors' nine errors came in the first inning, in which Philadelphia scored 6

runs on one scratch hit. Daubert was the leading hitter.

AMERICAN LEAGUE

YANKEES GO INTO THE LEAD

Hit Dauss and Ayers Hard and Trounce Detroit, 13 to 3.

Detroit, Sept. 14.—New York went into the lead in the American league today by defeating Detroit, its third straight, 13 to 3, hitting Dauss and Ayers hard while Shawkey kept Detroit's hits scattered and received perfect support. Ruth went to bat six times, drew three passes, made a sacrifice fly, and flied out twice.

All five other contenders of both major leagues lost to second division clubs by one-sided scores.

The Brooklyn Nationals suffered their first defeat in eleven games today when Chicago batted Cadore hard, but Cincinnati and New York failed to take advantage of the slip. The New York Yankees won their fifth consecutive game and made it three straight from Detroit.

Tomorrow will be a day of rest for the pennant contenders, with the exception of Cincinnati and Brooklyn, who play Philadelphia and Chicago, respectively. The Reds, who have dropped five games in a row since winning their opening game in the East, will start a three-game series Thursday in Brooklyn, to be followed by four games with New York at the Polo grounds. The New York Americans will oppose Chicago Thursday in the first game of an important series.

Babe Ruth, the New York American,

slugger, added another mark to his credit today when he scored twice and brought his season's total of runs up to 147, equalling the American league record set by Ty Cobb in 1911. The National league record is 195, made by Hamilton of Philadelphia in 1894.

Score of today's game:

BROWNS STAGE BAT FEST

Clout Jones and Harper Hard and Beat Boston, 7 to 4.

St. Louis, Sept. 14.—St. Louis hit Harper and Jones hard today and defeated Boston, 7 to 4. The locals wasted but one hit.

MACKMEN HAVE FAST TIME

Rommel Holds Cleveland to Five Hits and Philadelphia Wins, 8 to 0.

Cleveland, Sept. 14.—Philadelphia scored an easy victory over Cleveland today, 8 to 0. Rommel held the Indians to five hits, scattered through as many innings.

SENATORS HIT OPPORTUNELY

Shut Out Chicago in Final Game of the Series, 7 to 0.

Chicago, Sept. 14.—Chicago played erratic ball behind Hodge today, while Washington hit opportunely and shut out the locals, 7 to 0, in the final game of the series. Acosta, pitching for Washington, kept the locals' hits scattered and broke Eddie Collins' hitting streak. Collins had hit safely in 22 consecutive games before being stopped.

POLITICAL TINGE ON STOCK MARKET

Greater Activity and Higher Prices Generally Attributed to Outcome of Maine Election

New York, Sept. 14.—The stock market took on a political tinge today, traders and the speculative element generally attributing the greater activity and higher prices to the outcome of the Maine election.

This theory was confirmed to the extent that commission houses with direct connections to important centers of trade and industry reported a moderate revival of public interest in the more representative stocks.

Standard rails were conspicuous in the day's broader inquiry, while secondary or junior transportation and railroad equipments also strengthened substantially with the steel group after early heaviness.

The feature of the railway division was Delaware, Lackawanna and Western, which registered a gain of slightly more than eight points on rumors that the company's reported plan of segregation is taking shape.

Advices from Mexico, quoting officials of that country in terms favorable to foreign-owned concessions, gave impetus to the oils, especially Mexican and Pan-American petroleum, Houston Oil and Royal Dutch.

Shippings, tobaccos, chemicals and textiles featured the more distinctive specialties, with motor accessories, but selling for profit caused irregular reactions in the final dealings.

An interesting sidelight on current industrial conditions was presented by the suspension of common dividends on Cudahy Packing and National Cloak and Suit.

Aside from Liberty issues, which again eased, the bond market, especially international, was firm. Old U. S. bonds were unaltered on call.

"THE FORBIDDEN WOMAN"

From the famous Story by Lenore J. Coffee

We take great pleasure in announcing what we believe to be one of the finest moving picture productions offered in the 1920 season—CLARA KIMBALL YOUNG in "THE FORBIDDEN WOMAN" from the famous book by Lenore J. Coffee.

Here is at once the highest and most idealized form of moving picture entertainment. A brilliant beautiful actress in a rare Parisian love story, a picture gorgeously invested, magnificently produced.

No actress on screen surpasses CLARA KIMBALL YOUNG in brilliance of characterization, regal beauty, histrionic ability; and in "THE FORBIDDEN WOMAN" you will see Miss Young at her zenith. During the run of this production we request as early attendance as possible so that all who will wish to see this elaborate and beautiful picture may do so.

LENA COMMUNITY PICNIC.

Large Attendance and Interesting Addresses Feature the Day.

Lena, Sept. 14. — The Community picnic held at the Grange hall last Sunday was a great success, more than 100 persons being in attendance. A very appetizing dinner was served by the ladies, and was enjoyed by all. During the afternoon, an interesting demonstration was carried out by Dr. D. W. Shaffer, assisted by Dr. E. T. Faulder of Buffalo. A red-tailed hawk was slaughtered and the physicians conducted a post-mortem.

Prominent Folks in This State

AUBURN, N. Y. — "Some time ago after motherhood I developed feminine trouble and became all run-down, weak and nervous. I lost in weight until I only weighed about 90 pounds. I suffered with backache and pains in my side and got so very bad that I was confined to my bed for about three months. Finally, a friend advised me to take Dr. Pierce's Favorite Prescription (sold by druggists), and it completely restored me to health and strength. I regained my weight and have never had any return of my ailment, but have been in very good health ever since." — Mrs. FLORENCE COOPER, No. 304 Delaware Street.

SUFFERED WITH BACK.
SYRACUSE, N. Y. — "I have been greatly benefited by the use of Doctor Pierce's Anuric Tablets (anti-uric-acid) and Dr. Pierce's Pleasant Pellets. I was suffering with my kidneys and rheumatism in my back. For weeks I could not straighten up and to-day I can straighten up and my back is all right. Am feeling fine."
"Doctor Pierce's medicines are O. K." — Mrs. E. M. HICKOK, No. 124 East LaFayette Avenue.

Born, to Mr. and Mrs. Charles Sharrett, Monday, Sept. 13, a son. — A shadow social will be held in Community hall Friday evening. Ladies bring lunch for two; gentlemen buy shadows. Everyone welcome. — E. L. Teel returned to Ilion Monday. — Loyal Gibson of Herkimer was a business caller here on Monday.

LOCAL MENTION

—S. G. Camp has his horses entered in the races at the Afton fair, today being the first day of racing. He starts today and again on Friday. Dr. W. H. Wheeler of Stamford also has his horses entered there.

—Good progress is being made on the new fireproof garage which F. L. Dibble and son are erecting on Dietz street and it is evident that the building is to be one of which its owners may be proud. The steel is in large part in place and the brick walls are going up steadily each day. Its progress is gratifying considering the delay that buildings operations generally are encountering.

—An auto collision at about 5:30 last evening, at the corner of Main and Broad streets, drew the usual crowd for a few minutes. The cars involved were the truck of Lewis Thayer, coming up Broad street, and the Dodge touring car of P. M. Southworth of Colliers, proceeding east on Main. The only injury was a bent fender and a detached forward tire on the Dodge car. The tire was promptly replaced and in ten minutes the car was on its way. No damage was done to the truck.

A proposed change of the constitution was discussed and will be voted on at the next meeting, which will be held on October 5.

Meetings Today

Regular meeting Oneonta lodge, No. 1312, B. P. O. Elks, this evening at 8 o'clock. Initiation.

The Junior Philatelia class of the First Baptist church will meet this evening at 7:30 with Mrs. Elizabeth Barnes, 22 Watkins avenue.

The monthly business meeting of the Luther league is to be held this evening at 8 o'clock at the church parlors. Business of importance. Members urged to be present.

Regular meeting of Royal Rebekah lodge will be held in L. O. O. F. temple this evening at 7:30. Initiation and election of officers.

An important meeting of the Ladies' circle of the Main Street Baptist church will be held in the assembly at 2:30 o'clock today. Come prepared to sew.

The L. O. O. F. will hold a regular meeting at their rooms on Dietz street at 8 o'clock this evening.

New Special Attractions

In accordance with its annual custom of giving more than is advertised the management of the Oneonta fair, signed a further special attraction yesterday, and it is believed will give better exhibitions than ever before on the roof garden.

Noted Foot Specialist and Educator Coming to Oneonta.

Mr. Theodore Carter, a member of the educational staff of Dr. Scholl, the famous Chicago foot specialist, is coming to Oneonta tomorrow and will remain here over tomorrow, September 15th. Mr. Carter will be at the Florio & Taylor company, (formerly Hurd Boot shop), Thursday, Friday and Saturday, between the hours of 9 to 12 a. m., and 2 to 5 p. m. In addition he will be at the store Saturday evening from 7 to 10 o'clock. His services are absolutely free and he can be consulted about any foot troubles without obligation. Foot sufferers will do well to make appointment now. Appointment can be made by phoning 589-W.

Take Long Chance

Employees of labor who do not take out Workmen's Compensation policy protecting their employees. A state inspector now operating in Oneonta has already found several uninsured and ordered them to report to Albany and show cause why proceedings should not be commenced for such failure. We issue policy fully complying with revised state law and know latest rules and rates. Recent change includes one who employs four or more. If employment is only slightly hazardous insurance. H. M. Bard & Son, 8 Broad street.

VACATIONING IN THE AIR

"DUFFER" WEIDMAN LEAVES TODAY FOR SCRANTON ON AERIAL JOURNEY.

Aviator Johnson Arrives Last Evening to Pick up Baseball Manager—
"Nothing Like It," Says "Duff"—
Flew From Delaware Water Gap to Binghamton Last Sunday and Monday.

Harry P. (Duffer) Weidman, the well-known local baseball magnate, who during the past summer has stuck pretty closely to his job of putting Oneonta on the ball map, is now enjoying a well-earned vacation, and not to be outdone, is "vacationing in the air" so to speak.

Residents of the city turned their eyes last evening at about 5 o'clock and, for the first time this season, saw an airplane sailing over Oneonta. The machine circled over the city two or three times at a good height, and then made a successful landing on a field near the Country club, where the plane was "parked" for the night.

When Mr. Weidman was questioned, he explained his unusual vacation by saying that he left Oneonta last week for a motor journey and while driving his car through Delaware Water Gap saw the airplane. It struck his fancy, so he abandoned the car, rented the plane, and since has been "hopping around the country." The flight from the Gap to Scranton was made Sunday, and on Monday the pilot and his delighted passenger came from Scranton to Binghamton. Due to the strong wind Monday afternoon, the men were forced to abandon their flight to Oneonta, and Weidman came on to Oneonta by train. After a couple of unsuccessful attempts yesterday, Pilot Johnson finally took to the air at Binghamton and reached Oneonta last evening at about 6 o'clock, accompanied by his mechanic.

This morning, all three will take to the air, weather permitting, and fly direct to Scranton without a stop. From Scranton, they go to Reading, Pa., where beginning next week a county fair is being held in which Mr. Weidman is interested. Weidman hopes to give Oneontans another exhibition this morning before he leaves on his long flight.

Yesterday's Binghamton Sun described landing here in these words: "H. P. Weidman of Oneonta, well known in sport circles, taking a vacation in the air" dropped out of the skies into Conklin field Monday afternoon about 1 o'clock, jumped out of his Curtis plane, and nonchalantly ordered gas and oil.

A delegation of his friends headed by "Gentleman" Jim Brodie rushed to the field and welcomed him.

"What's the big idea," was the first remark after greetings were over.

"Well," said "Duffer," "I'm taking a little vacation. I was driving through the Delaware Water Gap with my car and the other day, saw the plane, liked it, rented it, have been hopping around ever since, and here I am."

That is the whole story. "Duffer" is taking a novel means of spending his vacation, and speaks of it in a matter of fact way as if it were the usual thing. Incidentally, he has proved what his friends have always said of him, that he is a good sport and an original personality, whether it is managing a baseball team or traveling by air.

There is no doubt that the idea is an original one in this section of the country, and "Duffer" says it is a good one.

"There is nothing like it," he said yesterday. "It is the only way to take a vacation."

Earl Souther, who, during the summer, has made airplane flights in this city, and who is now conducting an automobile supply station at Fayette and Court streets, rushed gas and oil to the field for the plane immediately after the landing was made when "Duffer" put in a hurry call for more fuel.

The plane is a Curtiss J N-1 and the type used by the Canadians in training their men for the air service, commonly referred to by service men as a "Canadian Jenny."

The pilot is owner of the plane and was formerly an instructor at West Point, Miss., and at Kelly Field during the period of war.

Hollo! Suffragettes!

You'll get darn tired of dirty politics. It's a bunch, and slinging game, with nothing elevating about it and I'll bet a box of cigars against a big pippin apple that you will get more fun, contentment and benefit in my home-getting game, where I have 10 root, honest and reliable Oneonta men to watch over and make your small amounts of money safely roll up to several million dollars, at compound interest, in first mortgages on improved real estate, the safest security known. Say, you've kept the home for long years and can do it better than the men, but you'll find out that it's a mighty good thing to look out for you, as they have done in the past, for women and inexperienced people, without the loss of a dollar placed with me. I often wonder why more of you don't see this hole in a ladder and I'll gamble that you'll find out that it beats politics to a frazzle. I am the Loan association.

WITH CALIFORNIA CASEIN.

Work at the Oneonta Plant of the Bauer Chemical Co. Is Resumed.

With casein brought across the continent for manufacturers of Sanatogen, the Bauer Chemical company, opened its plant in Oneonta on Monday of this week with a full force of employees and under the supervision of Martin Kasmussen, who for five years has been connected with the business in this city. The factory had been closed for about three months, by "D. D." Brown, who managed a dairy in obtaining it in this part of the country, is being brought from California, the more condensed form of the product no doubt in large measure compensating for the difference between the long and short haul.

Dr. Max Hartmann, formerly superintendent of the Oneonta plant, is understood to be located in New Jersey, but not connected with the Bauer company.

G. W. Pegg, who is chief chemist for the company, has been in the city for the past week, supervising the necessary changes and will probably return to New York in a few days. Mr. Pegg states that the processes and the machinery of the plant have been thoroughly Americanized, that the machinery brought here originally from Germany has been supplanted, and that a better product even than formerly will result. The former machinery, however, will be retained as a reserve in case of failure for any considerable time to receive shipments of casein.

MANY ENTRIES FOR FAIR RACES

Number Already Exceeds Fifty With Others Coming by Mail.

Secretary Parish of the Oneonta Fair society states that the number of entries received up to 11 o'clock last evening was unusually large, the horses being speedy trotters not only from this vicinity but from other sections of the state, among them many which have made records for themselves at the fairs already held. While entries at the office of the secretary are closed, those mailed prior to noon today must be accepted, and it is believed that the mail entries will considerably augment the already large number.

The starter this year will be W. F. LaHitt of Keene, N. H., who has a good reputation as starter throughout New England and this year has officiated at the Chenango, Clinton and Ulster county fairs.

Undergoes Operation

Frank O. Rollins of Central avenue was taken seriously ill while at his work at the office of the Oneonta Coal & Supply company yesterday forenoon and was removed to his home, where Dr. G. H. Brinkman attended him.

He was found to be suffering from appendicitis and at 10 o'clock last evening he underwent an operation at the Parshall hospital. Dr. Brinkman, assisted by Drs. Latcher and Getman, performed the operation. Last reports were to the effect that the operation was successful and that his heart was acting as naturally as when he went upon the table and every indication was favorable for speedy recovery.

TO PLAY AT COOPERSTOWN.

Participate in Benefit Game in Aid of Doubleday Field Fund Project.

An Oneonta ball team is scheduled to participate in a ball game at Cooperstown on Saturday afternoon next with a local team there, the proceeds to be devoted to the fund for the purchase of Doubleday field, the grounds upon which were played the first exhibition of the national game.

The Oneonta team will be managed by "D. D." Brown, who managed a "home-player" team here during the summer of 1919. He will play first base. It is expected that Gardner and Dibble will be the battery for the Oneonta team. Dibble and Sullivan will play second and third positions and the outfield and third infielder are yet to be selected.

Oneontans doubtless will in goodly numbers go to the county seat to witness the game. The project is a most worthy one, in which every resident of the county should be interested and be willing to assist. Cooperstown will have its strongest team in the field and the game will be one worth seeing—local players alone being used.

EDISON TONE TEST

To Be Given by Miss Letta Corder and Miss Lucile Collette.

Miss Letta Corder, one of America's most popular light opera sopranos, and Miss Lucile Collette, talented violinist and pianist, will be heard in an unique recital at the Oneonta theatre on the evening of October 16.

Miss Corder is a thorough musician and possesses a voice which has been termed by critics as phenomenal. These two qualities, combined with a charming personality, have placed her in the front rank as a light opera prima donna. In the concert and recital field, she has proved equally successful.

Miss Collette received her musical education abroad under the very best teachers including Pugno and Isidore Philipp. She has toured Europe, South America and the United States with marked success. It is remarkable that her piano work is equal if not superior to her violin playing.

Two girls wanted at Cooperstown Chamber of Commerce office. One to do typewriting and general office work, (shorthand unnecessary), one for office assistant doing general office work, experience not required. Apply to C. W. Davidson, secretary.

AT MISSIONARY MEETING.

Mrs. Hanford, Miss Phillips and Mrs. Blend Address Presbyterian Ladies.

An unusually interesting meeting of the Woman's Missionary society of the First Presbyterian church took place yesterday afternoon in the church parlors. Mrs. W. C. Hanford, Miss Julia Phillips and Mrs. C. S. Blend giving brief talks that were greatly appreciated by the large number of women present. Mrs. Ormiston and Mrs. Finch were the hostesses for the afternoon.

Mrs. Hanford opened the meeting with a report of the last meeting of the Presbytery, which she attended. This was followed by an interesting talk on the Blundon School in Louisiana, by Miss Phillips, who has long been interested in educational and religious work in the south. The program closed with Mrs. Blend's talk on Japan, touching on the customs and religion of the people of that country and the part that American missionaries were playing. Mrs. Blend described the social and political conditions of Japan in an appreciative manner and her talk proved very instructive to her hearers.

At the close of the program, the remainder of the afternoon was spent in a social way. Plans were discussed for the semi-annual missionary tea, to be held within the next few weeks.

Senior Philatheas Elect Officers.

The annual meeting of the Senior Philatheas class of the First Baptist church was held in the church parlors Tuesday afternoon. There was a large attendance and much interest was manifested in the program, which included the satisfactory reports of the various officers, a bible reading by Mrs. A. B. Davis and the annual election. The officers named were as follows:

President—Mrs. C. W. Hackett.
Secretary—Miss Hattie Mumford.
Treasurer—Mrs. W. S. Ford.
Teacher—Mrs. A. B. Davis.
The vice presidents will be announced later by the president elect. At a later hour, delicious refreshments were served and a social afternoon was enjoyed.

JUNIOR RED CROSS WORKING AT HOME

Production of Sound American
Citizenship the First Aim,
Says Dr. Farrand.

On the badge of every member of the Junior Red Cross are the words "I Serve." That tells the story of the school children's branch of the American Red Cross and its efforts to bring happiness to children throughout the world.

Realizing that the time never was so propitious as right now for teaching the highest ideals of citizenship, the entire present program of the Junior Red Cross has been framed under the very inclusive phrase, "Training for Citizenship Through Service" for others. Since the Junior Red Cross is the agency through which the American Red Cross reaches the schoolboys and the schoolgirls, all its activities are designed to come within the regular school program, and without creating new courses or increasing the number of studies to lend its aid in vitalizing the work of the schools.

"The thing that is needed," says Dr. Livingston Farrand, Chairman of the American Red Cross Central Committee, "is not a perpetuation of the Junior Red Cross, but the training and breeding of sound American citizenship inspired by the true, fundamental ideals of sound democracy. One of the great conceptions in making the Red Cross a contributor to better citizenship in our American democracy is the realization that after all the sole hope of any nation is with the children of the country."

The plan of organization of the Junior Red Cross makes the school—public, parochial and private—the unit, not the individual pupils. Mutual service, helpful community work such as clean-up campaigns, care of the sick, promotion of health regulations, participation in civic and patriotic movements—all these creative agencies designed to translate into life and action the regular school program are parts of the machinery which the Junior Red Cross places at the disposal of the school authorities.

Graded study courses giving practical methods of civic training, supplemented by pamphlets and helpful suggestions, are supplied to the local schools by the Junior Red Cross. An elaborate plan for promoting an interchange of correspondence between children in different sections of the United States as well as with children in foreign lands is being devised and will take a prominent place in the established classroom program.

In promoting the general cause of child welfare, Red Cross courses in home hygiene and care of the sick, first aid, and dieting may be established in all Junior Red Cross Auxiliaries.

The ideals and the objective of the Junior Red Cross are embodied in the pledge of service which the pupil takes when he signs the membership roll and pins on his coat the Junior's badge. The pledge which binds together service and citizenship reads:

"We will seek in all ways to live up to the ideals of the Junior Red Cross and devote ourselves to its service."

"We will strive never to bring discredit to this, our country, by any unworthy act."

"We will reverence and obey our country's laws and do our best to inspire a like reverence and obedience in those about us."

"We will endeavor in all these ways, as good citizens, to transmit America greater, better and more beautiful than she was transmitted to us."

At the foundation of this school program of the Junior Red Cross is a great love for America's children.

Children in different sections of the United States as well as with children in foreign lands is being devised and will take a prominent place in the established classroom program.

In promoting the general cause of child welfare, Red Cross courses in home hygiene and care of the sick, first aid, and dieting may be established in all Junior Red Cross Auxiliaries.

The ideals and the objective of the Junior Red Cross are embodied in the pledge of service which the pupil takes when he signs the membership roll and pins on his coat the Junior's badge. The pledge which binds together service and citizenship reads:

"We will seek in all ways to live up to the ideals of the Junior Red Cross and devote ourselves to its service."

"We will strive never to bring discredit to this, our country, by any unworthy act."

"We will reverence and obey our country's laws and do our best to inspire a like reverence and obedience in those about us."

"We will endeavor in all these ways, as good citizens, to transmit America greater, better and more beautiful than she was transmitted to us."

At the foundation of this school program of the Junior Red Cross is a great love for America's children.

K. of C. Put 50,000 Veterans in Jobs.

Fifty thousand ex-service men have been placed in industrial positions by the Knights of Columbus, according to Michael S. Hogan, K. of C. supervisor in New York city. More than 1,000 veterans were placed every week, he said.

INDIANS WORSHIP SUN

Ancient Customs Carried Out
Amid Weird Surroundings.

Every Year in Midsummer Bannock
Indians Go to Dancing Grounds
for Rite of Thanks.

Pocatello, Idaho.—Every year in midsummer the Bannock Indians travel a little-used trail to their dancing grounds. Between 800 and 1,000 of them gather yearly to worship the sun. In the vast quiet of the evening, when the bush has fallen over the sage brush and the sun is a great ball of red fire sinking behind the mountains, the dreary beat of their tom-toms and the low, ghostly chant of their song can be heard for miles. The sound grows in strength as one approaches until with a great burst of glaring campfires and seeming confusion the camping grounds are reached. Indians in their active garb are everywhere, hideous in their war paints and with glittering naked bodies.

In the center of a corral made from limbs stands a pole. Back against the walls are the dancers and the chanters, and in rhythm to the beat of the tom-toms the dancer advances to the pole, eyes uplifted in worship.

The young backs who dance are not permitted to eat or drink for three

days and are accompanied by the tom-toms beaten by the squaws. The dance is a religious rite and festival of thanks to the gods for bountiful crops and herbs, streams full of fish and the sky full of fowls.

Now and then one falls to the ground unconscious from physical exhaustion and is carried to the side to recover.

Movies Everywhere Triumphant.
Mexico, we read in current dispatches, has decided to lift the heavy censorship from the movies and to foster the enterprise in every way. There seems to be no stopping the triumphant march of the movie stars, says the Philadelphia Record. Not long ago we read that Deronschke house, the famous rendezvous of the whigs in London, had fallen before the cinema. The Alhambra and the Empire, famous music halls, are to go, too. England and the continent appear to be as wild for the screen as we are here. All doors are opening to it. Not long ago the conservative Vatican sanctioned the picturing of an important religious function. Great are the movies!

Indian Pilgrimage

Fifty thousand Indians from all parts of Mexico recently completed their week of homage to their patron saint, the Virgin of Guadalupe, and their pilgrimage to the shrine of the Virgin.

Physician Explains Why He Prescribes Nuxated Iron for Run-Down, Anaemic People

Says It Quickly Increases the Strength and Energy of Men and Brings Roses to the Cheeks of Nervous, Run-down Women

Ask the first hundred strong, healthy looking people you meet to tell you what they owe their strength and energy and see how many reply "Nuxated Iron."

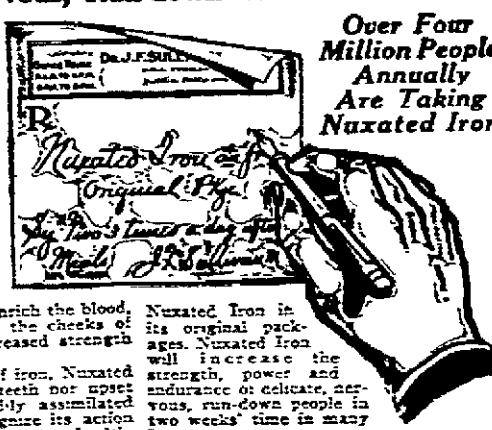

Dr. James Francis Sullivan, former Physician of Bellevue Hospital (Old door Dept.), of New York and the Westchester County Hospital, says:

"Thousands of nervous, run-down, anaemic people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron—to quickly enrich the blood and thereby put roses in the cheeks of women and give men increased strength and energy."

Unlike the other forms of iron, Nuxated Iron does not irritate the teeth nor upset the stomach, but is readily assimilated and you can quickly recognize its action by a renewed feeling of buoyant health.

No matter what other iron remedies you have used without success if you are not strong or well you owe it to yourself to make the following test:

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. To be absolutely sure of getting real organic iron and not some form of the metallic variety always ask for

Over Four Million People Annually Are Taking Nuxated Iron

Nuxated Iron in its original package is well known in drug stores everywhere. Unlike the other iron products it is easily assimilated and does not irritate the stomach. Each tablet of Nuxated Iron is stamped as follows: and the words Nuxated Iron are stamped into each bottle, so that the public may be led to no wrong or inferior substitutes. If circumstances guarantee successful and entirely satisfactory results to your purchase or they will refund your money. It is dispensed by all good druggists in tablet form only.

Sandwiches---

The housewife who masters the art of the sandwich has the key to good health and good appetite for her family. For the children's lunch, box, sandwiches. For the unexpected guest, the Sunday night spread, the after-theatre bite—again sandwiches! For nourishment, enjoyment and convenience, at any time and all times, sandwiches!

Here is sandwich-wisdom for the woman who wants a short-cut to perfect sandwiches:

1. Use very sharp knife, cutting thin, even slices.
2. Match slices, to make neat sandwiches.
3. For hearty sandwiches leave crusts on and butter to the edge.
4. It is more economical to bear butter to cream and spread Bread before cutting slice from loaf.
5. Cookie-cutters may be used for cutting round or fancy shapes. These should be spread after they are shaped.
6. Avoid bulky fillings in making dainty smooth sandwiches.
7. Sandwiches made several hours before serving time may be kept moist by wrapping in napkin wrung dry out of hot water. Sandwiches for picnics and luncheons to be carried should be neatly wrapped in paraffin paper.

Watch for our delicious receipts. Here's the first:

YUM YUM SANDWICHES.

Make filling of one cream cheese, or an equal quantity of cottage cheese; two cups of minced ham and one small bunch of watercress and cream them in ham. If desired, add mayonnaise or French dressing to this filling. Spread between thin unbuttered slices of white, rye, or whole wheat Bread.

The more particular you are about your sandwich Bread, the better you will like.

We Never Shut Down

Live stock keeps coming to market and we have to keep buying it and putting it through our plants whether conditions are good or poor.

Swift & Company has no control over the quantity of live stock shipped to market. Live-stock producers ship their animals to the big stock-yards markets, where they are sold through commission men who represent the shippers.

The result is that the live-stock supply fluctuates from week to week. We have to buy the animals, however many or few there are; and they have to be handled without delay.

We cannot hold dressed beef, lamb, mutton, veal, fresh pork, or any other fresh perishable meats, but have to sell them at the prevailing market prices within a few days. If we try to sell at half a cent under the prevailing prices, retailers would naturally buy from us as long as our supply lasted, and that supply would be used up very quickly. On the other hand, if we try to sell for half a cent higher than the market prices, the retailers, who shop around, would buy from our competitors and we would have our fresh meat left on our hands. We have to sell our products every day at prevailing market prices whatever those prices may be.

Half a cent up or down in the wholesale price means the difference between profit and loss to us.

MEXICAN BORDER LITTLE KNOWN

No Region in All North America
More Widely Misunderstood,
Says Writer.

TRIP FULL OF CONTRASTS

No Section of Borderland Has Seen So
Much of Adventure, Tragedy and
Turbulent Activity as State
of Texas.

Washington, D. C.—"No region in all North America is more frequently mentioned or more widely misunderstood, perhaps, than the Mexican border," writes Frederick Simpich, formerly American consul at Nogales, Mexico, to the National Geographic society.

"From the Gulf of Mexico up to El Paso, along the Texas frontier, the Rio Grande forms the boundary between the United States and Mexico; thence to the Pacific coast the line is marked by stone or iron monuments (save a short break at the Colorado), so set that one is supposed to be visible from another. By this plan a soldier, miner or cowboy (yes, and a smuggler, too) can always tell which side of the line he is on; or, if wholly lost and he comes suddenly on a monument, he can soon get oriented.

"Adventure, colorful and full of contrasts as it is, the 1,800 mile trip along this crooked, historic line is rough and difficult, and has been made by few people.

"The Rio Grande part of this border has caused both Uncle Sam and Mexico much work and mental anguish. During bad floods the line as formed by the river squirms around in so astonishing and lively a manner that what is Mexican soil one day may be in Texas the next, and vice versa.

"You visualize the bigness of Texas when you look at the length of its side that borders on Mexico. You realize its emptiness, too, when you travel through some of its border regions, where the population is less than two per square mile.

"No section of the border has seen so much of adventure, tragedy and turbulent activity as Texas. The flags of France, Spain and Mexico have waved over it; for a time it flew its own Lone Star and also the Confederate flag.

"In Brownsville you hear more Spanish than English, because most of the 8,000 people who live there are Mexicans.

"Up the river from Brownsville lies Laredo, most important border town in south Texas, even if an old map does call this vicinity 'a wilderness filled with wild horses.'

"Eagle Pass, on up the Rio Grande, was a favorite camping spot for the California gold hunters in '49.

"As you follow the border west, oaks, pines and underbrush decrease, aridity increases, and cacti lift their thorny heads. Border counties like Brewster, Presidio and El Paso are of amazing area—larger than some of our small eastern states. Windmills are everywhere—big electric fans to keep the cattle cool, a waggish cowboy once explained to a London tourist.

Largest Irrigation Reservoir.

"El Paso is the only large city from San Antonio to Los Angeles, a ride of 1,500 dry, dusty miles.

"The largest reservoir anywhere is the great Elephant Butte dam, which stores more water than the world-famous Assuan dam on the Nile. This big dam, built in the Rio Grande above El Paso at a point in New Mexico, holds enough water, we are told, to fill a standpipe 11 feet in diameter reaching from El Paso to the moon, or to cover Massachusetts to a depth of six inches.

"From the point at monument No. 1 where the boundary line crawls out of the Rio Grande (at the southeast corner of New Mexico), it strikes west into a wilderness of singularly dry, empty aspect. For 40 miles along the march the traveler must carry his own water.

"To the west lie the rough, hostile foothills of the Doz mountains, near here, in the San Luis range, the line reaches a point of 6,900 feet above the sea, marking the continental divide.

"In the San Bernardino valley the line strikes the first running water after quitting the Rio Grande—192 miles to the east. Here rises the famous Yaqui river, that long, crooked stream that meanders through the vast Mexican state of Sonora and through the turbulent Yaqui Indian zone, finally emptying into the Gulf of California below Guaymas.

"In the whole 700-mile stretch from the Rio Grande to the Pacific, this line crosses only five permanent running streams, and the average rainfall throughout its length is only eight inches.

"Save the hamlets of Columbus and Machita, the New Mexican section of this border is almost uninhabited."

Collie's Heart Touched.
A collie dog, four years old, owned by Omar Cunningham of Farmington, Me., is a most inveterate foe of woodchucks, furious in the work of digging and annihilation, but she came home the other day carefully carrying in her mouth a baby woodchuck, which she has since cared for as tenderly as if it were one of her own puppies.

CURES TWO LEPROS

Dr. F. H. Parker, in charge of the leper colony on Penikese Island, Mass., is credited by Doctor Carey of the Massachusetts board of health with having effected the cure of two young men who have been confined to the leper colony for three years. Doctor Parker's treatment of the men consisted in plenty of fresh air and sunshine, good food, etc., and use of chaulmoogra oil, imported from India, and sodium morrhua and sodium glycerinate. The patients will be examined by a commission of experts before being discharged. Doctor Parker and his wife live practically isolated on the island.

MEN FOR PALESTINE

Zionist Official Appeals for 10,000 Volunteer Workers.

Are Necessary for the Basic Reconstruction of the Jewish National Homeland.

Jerusalem—Ten thousand volunteers, chosen from veterans of the world war, the Jewish Legion, and skilled workmen, to enlist at once for 18 months' service in a Jewish industrial army in Palestine, are necessary for the basic reconstruction work of the Jewish national homeland, according to Bernard A. Rosenblatt, president of the American Zion commonwealth, who is now in Palestine in the interests of "Balfouria," the colony of the American Zion commonwealth.

Mr. Rosenblatt recommends a regular army organization with a general staff of three which, as a Jewish industrial commission, will supervise the work of the Jewish labor army in rebuilding the Holy Land.

"Our biggest task, once the call is issued for volunteers, will be in sifting out the applicants and determining upon the 10,000 to go," he said. "They could all be occupied in the one task of building houses for future immigrants. The army should work only on land belonging to the Jewish nation, lands secured from the Palestine government from the Jewish national fund, the American Zion commonwealth or other agencies of the Zionist organization."

In addition to the construction of houses, he points out that such an army would be busy in preparing land for immediate settlement, irrigation, afforestation, sanitation and engineering works necessary for the development of industry and commerce.

"The nucleus for such an industrial army is already in Palestine in the co-operative groups, working on the lands of the Jewish national fund and in the group that is developing 'Balfouria,' the first colony of the American Zion commonwealth," he concluded. "I am convinced after two visits to Palestine that only through such a huge disciplined Jewish labor army, will we be able to reconquer the land of our forefathers."

She Objected at Last.

He had just gone into the grocery business and did nothing except talk "shop-shop-shop" when he went to see his best girl. At first she endured it because she did not wish to offend him; later merely because she could find no way to reprove him.

But her chance came. One night when he was at her house he picked up the telephone book and began idly to glance through it. His idle manner became one of interest as he scanned one page. Then her wrath overcame her. "It's been bad enough to hear you talk about nothing else but that old store," she stormed. "but it's too much for you to come to my house and go through the telephone book hunting out prospective customers."

Butted into Pigsty.

Montgomery, Pa.—While gazing with pride at his pen of fast-fattening hogs and dreaming fond dreams of juicy hams during the coming winter season, Gustav Stoner of near Montgomeryville was awakened from his reverie when a goat butted him over the rail of the pen among the pigs. The porkers crawled all over him and Stoner and the pigs were grunts, squeals and yells. Finally Stoner's son came to his father's rescue. He chased off the pigs and Stoner, the elder, emerged from the pigsty. He was cut and bruised.

ZULUS HONOR LORD BUXTON

Give British Governor-General Farewell Ovation—Express Affection and Esteem.

Durban, South Africa.—The chief of the Zulu nation, his ringed headpiece and many minor chiefs, recently assembled in the courthouse at Maritzburg and delivered speeches of affection and esteem for Lord Sidney Charles Buxton, retiring governor general of South Africa, and Lady Buxton, who accompanied him on the farewell visit. There was an enthusiastic demonstration.

The courthouse was packed with Zulus, some of them in frock coats and wearing medals received for bravery in the war, but others also wearing medals, were clad only in the primitive Zulu fashion.

The governor general thanked the Zulus for their excellent behavior during the war.

'HORSE MACKEREL' NETS \$200

Turns Out to Be Tuna Fish and Reimburses Its Captors With Handsome Profit.

Freeport, L. I.—That "things are not always what they seem" was proven here when a fish story spread through the village to the effect that a 700-pound horse mackerel had been caught.

Tuna fish is counted a delicacy. Horse mackerel is something else again. But if a dried-in-the-wood fisherman calls a tuna fish a horse mackerel, how is the inexperienced to know the difference?

A 700-pound tuna fish-horse-mackerel was so shy of horse sense as to become entangled in a pond net. A windlass and pulley contraption was attached to the prize of the sea and it was landed and is now on its way to the Fulton market. It will bring its captors \$200.

RECOGNIZE NO COURTS BUT OWN

Sinn Fein Closes Courthouses to All Except Their Own Judiciary.

MAKE SERVICE COMPULSORY

Local Councils Appeal to All Irishmen of Military Age to Undergo Course of Training in Republican Army.

Dublin.—Intensity of public sentiment in Ireland against British rule is evidenced by the action of the recently elected Sinn Fein local councils. Westmeath county council has decided that all courthouses in the county shall be closed and the government officials resident in them evicted.

The Irish volunteers have been ordered to see that no judges are allowed to enter the buildings for the purpose of holding any courts not recognized by the Dail Eireann or republican parliament. Some councils have passed resolutions to raise contributions for the maintenance of the republican army.

Make Service Compulsory. At Claremorris, County Mayo, the local council has adopted a resolution appealing to all Irishmen of military age to undergo a course of training in the republican army, and will not give any position in the service of the council to men who have not undergone such training. In other places the local councils have decided to cut off the water supply from the police and military barracks. At Enniscorthy, County Wexford, where this was done, the authorities promptly hit back and the council room was raided by police and soldiers.

Meetings have just been held throughout Ireland for the purpose of selecting the judges who are to preside over the Sinn Fein parish courts. Those courts have jurisdiction in all cases under \$50 in value, and it is intended that their judges shall eventually be elected by the votes of the people in whose districts they operate.

Regularly Elected Later. Pending the organization of electoral machinery for the purpose they have been selected by a conference composed of members of the Dail Eireann for the constituency, the members of the county council one clergyman for each denomination from each parish, the members of the urban and rural councils one representative of each Sinn Fein club one member of each company of volunteers and one representative of each trades union body. The judges so selected are to act till December, when there will be a regular election by ballot of the voters.

GREAT DRY DOCK IN NAPLES

Italian Government Authorizes Construction of Mammoth Affair on Mediterranean.

Washington.—The largest dry dock on the Mediterranean is planned at Naples.

Recent decrees of the Italian government authorizing the construction of this dock and a smaller one at the industrial port of Bala-Areno provide that work must begin within six months of the official date of the declaration of peace.

Besides the dry docks, it is planned to transform Lake Averno for the use of ship yards, and to build a canal connecting the lake with the port of Naples proper.

The Italian government will within a period of fifty years pay a half of the cost of the work and at the end of sixty years the entire project automatically becomes government property.

Ford
 THE UNIVERSAL CAR

There are more than 4,250,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand; likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you want one.

Do Your Feet Hurt?

They need hurt no longer. A trip to this store to consult the Chicago Foot Expert, whom we have arranged to have here during the business hours tomorrow, Friday and Saturday, will examine your feet and advise you how to quickly obtain comfort.

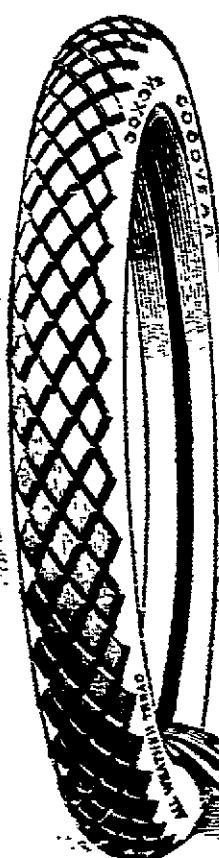

He is a specialist and knows all about foot troubles and their causes and correction by scientific means.

He is being loaned to this store to give all our patrons and others the benefit of his skill and knowledge. There is no charge whatever. His expert services are free. Everybody invited. No one should miss this opportunity.

Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3, 30 x 3 1/2 and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag.
